

Three Phase UPS System

100kVA-600kVA

- Up to 96% efficiency across a wide load range
- MTBF: 1,000,000 hours
- Near-unity input power factor >0.99
- Low input harmonic distortion <2.5%
- Dual input Mains for independent control of power sources
- Smart Rotation Redundancy optimized UPS reliability.
- Intelligent burn-in Technology without load.
- Large HMI Coloured LCD Touch Screen for advanced control and monitoring
